Please refer to the Car Rider Drop-Off/Pick-Up Map on Page 16. Doors will be open between 7:40-7:50 a.m. and 8:20-8:30 a.m.

1.40 Visitors

In the interest of school safety and security, St. George School has adopted the V-soft system which is a technology program that is linked to the State Police Sex Offender Bank across the United States. The visitor is verified as safe by their driver's license or state issued identification card being scanned. All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves, present their driver's license and/or state identification card and inform office personnel of their reason for being at school.

Approved visitors will be given a tag identifying themselves as a guest who must be displayed on their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school. Illinois School Code, CH. 105 5/24-5 makes it a crime for any person to refuse to tell a school employee his/her name and purpose for being on school property. Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct him/herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Parents visiting the school must adhere to the following policies:

Parents who wish to visit their child's classroom must arrange to do so by contacting the teacher or administration to schedule the visit at least 24 hours in advance. Upon arrival, parents must complete the Access to Classrooms and Personnel Form in the office.

Parents are limited to one hour or one class period per school quarter.

When parents visit the school, they may not attempt to supervise or discipline students.

Parents who wish to visit the Principal or Assistant Principal must arrange to do so by contacting the main office or Principal to schedule the visit at least 24 hours in advance.

Parents who wish to visit their child during lunch time may do so at the tables nearest the windows in the cafeteria. Lunch may be eaten with your child only.

Forgotten items and messages for students or teachers may be left with school office personnel who will make every reasonable effort to see that these reach their proper destination.

1.50 Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to perceived race, color, nationality, sex, sexual orientation, gender-related identity or expression, ancestry, age, religion, creed, physical or mental disability, gender identity, order of protection status, status as homeless, or actual or potential marital or parental status, including pregnancy, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristic or any other distinguished characteristic.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should bring their grievance to the Principal. The Principal shall investigate and make his recommendation to the Superintendent. The Superintendent shall resolve the problem through a grievance procedure.

1.60 Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building administrators in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1.70 School Volunteers

All school volunteers must complete the "Volunteer Information Form," attend an orientation/training session, and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the school's main office. Of utmost importance is that volunteers understand the confidentiality issues when on a school campus, as well as the need to refrain from supervising or disciplining students.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Chaperones for Field Trips and/or classroom parties will not be allowed to bring any additional family/guests because their primary responsibility is to the students.

1.80 Invitations & Gifts

At any school function (holiday parties, celebrations, meetings, etc.) healthful food options should be made available to promote student, staff and community wellness. Examples of nutritious food and beverages that are consistent with the Dietary Guidelines for Americans and our local School Wellness Policy are:

- Raw vegetable sticks/slices or fresh fruit wedges with low-fat dressing or yogurt dip
- Fruit salad
- Cereal and low-fat milk
- 100% fruit or vegetable juice
- Flavored soy milk fortified with calcium
- Frozen fruit pops with fruit juice or fruit as the first ingredient
- Dried fruits-raisins, cranberries, apples, apricots
- Single serving applesauce or low-fat pudding or yogurt cups
- Pretzels, baked chips, reduced-fat crackers, trail mix, party mix
- Low-fat muffins (small or mini), granola bars and cookies (graham crackers, fig bars)

All treats and food have to be stored bought, unopened, and/or individually wrapped, or assembled prepared on the premises. Please contact the classroom teacher or room parent with questions regarding specific food items.

Party invitations or gifts for classmates should not be brought to school to be distributed. Please contact your child's teacher for approval 48 hours in advance when planning to send/bring food for your child's classroom.

1.90 Emergency School Closings

In the event it becomes necessary to close school due to inclement weather, we will notify parents by sending a message through the School Messenger program which automatically calls two phone numbers to deliver the announcement. In cases of bad weather and other local emergencies, please listen to radio stations WKAN (1320AM), WVLI (92.7FM), WFAV (95.1FM), WIVR (101.7FM), WYUR (103.7FM), and WGFA (94.1) to be advised of school closings or early dismissals. School closings for any reason will be announced as soon as a decision is made. Additionally, closings or early dismissals will be posted on the district's Facebook (@sgs258) and Twitter (@sg258) feeds.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically cancelled. Exceptions can be made by the superintendent.

1.100 Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

The content of the electronic recordings are student records and are subject to District policy and procedure concerning school student records; such recordings are exempt from the Eavesdropping Act. Only those people with a legitimate educational or administrative purpose may view and/or listen to the electronic video and or audio recordings.

1.110 Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Board Policy 8:70, Accommodating Individuals with Disabilities

1.140 Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district's policy, is posted on the school district website. Information can also be obtained from the school office.

SECTION 2.0 ATTENDANCE, PROMOTION, GRADUATION

2.10 Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1) and seventeen years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Cross-reference:

Board Policy 7:70, Attendance and Truancy

2.20 Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 815-933-1503 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Cross-reference:

Board Policy 7:70, Attendance and Truancy

2.30 Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least five (5) calendar days before the student's anticipated absence(s). Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Cross Reference:

Board Policy 7:80, Release Time for Religious Instruction/Observation

2.40 Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up any missed work, including homework and tests, for equivalent academic credit. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students who are unexcused from school will not be allowed to make up missed work. The school will involve the I-KAN Regional Office of Education for any student who has been absent for five (5) days in any one semester.

If a student's absence is unexcused assignments given during the student's absence will be available upon the child's return to school. Assignments are to be completed and returned to the teacher(s). Students will have one day for each day absent to complete missed assignments. These assignments will be recorded but are "Exempt", which means these assignments will not be calculated in the student's final grade.

Assessments given while the student was not in attendance must be completed and will be calculated in the final grade for the quarter. Arrangements must be made with the teacher upon return for completion of the assessments. Students have one day for each day absent to complete missed assessments. For example, a student absent for three days must make-up the missed assessment no later than the fourth day upon return. Failure to complete the assessment within the timeframe will result in a zero. Most make-up assessments will require you/your student to schedule a time before or after school so as to minimize the loss of additional instructional time.

Cross-reference:

Board Policy 7:70, Attendance and Truancy

2.50 Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

St. George School District participates in the IKAN Attendance Assistance Program to provide supportive services when a student has an attendance problem. An attendance coordinator/caseworker is assigned to the school to assist in prevention and resolution of such problems. Among the supportive services which may be offered to a student experiencing an attendance problem are: parent teacher conference, counseling services, psychological counseling, alternative education programs, alternative school placement, and community agency services.

The school will involve the Attendance Assistance Coordinator for any student who has been absent for six (6) days or more in any one semester. A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00.

Cross-references:
Board Policy 7:70, Attendance and Truancy

2.60 Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student’s final grade include:

- A miscalculation of test scores;
- A technical error in assigning a particular grade or score;
- The teacher agrees to allow the student to do extra work that may impact the grade;
- An inappropriate grading system used to determine the grade; or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

2.70 Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student’s teacher, ability and grade level. Parents/Guardians are encouraged to check their child’s homework on a regular basis. Questions should be directed to the classroom teacher.

2.80 Exemption from PE Requirement

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student’s ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student’s participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

2.90 Accelerated Placement

The District provides for an Accelerated Placement Program (APP) for qualified students. It provides students with an educational setting with curriculum options that are usually reserved for students who are older or in higher grades than the student. Accelerated placement includes but may not be limited to: early entrance to kindergarten or first grade, accelerating a student in a single subject and grade acceleration. Participation is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted or talented. Please contact the building principal for additional information.

2.100 Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact the main office.

SECTION 3.0 STUDENT FEES AND MEAL COSTS

3.10 Fines, Fees, and Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

3.20 School Lunch Program

Lunch is served every school day from 10:25 a.m. to 1:00 p.m., except on Early Dismissal Day #1.

Nutritionally balanced complete hot lunches, including one milk, will be offered to students for the cost of \$2.75. A student may bring a sack lunch from home (no glass items) and purchase milk for \$0.35. A la Carte items may also be available for an additional cost for 6th-8th graders. All lunch items must be purchased through the student's individual lunch card. If an account balance falls below zero dollars, the student will be given notice at the point of sale, and parents will be noted by email and/or phone call.

Lunch Accounts may be checked by accessing the child's account in Power School. **You may add to the account by sending cash or check to the school office in an envelope clearly marked with "Lunch Account" along with the child and homeroom teacher's name.** You may also put additional funds onto the account by paying online using the lunch site on the school website. Monthly lunch menus will be posted on the school website along with a la carte items and prices. More information is on the St. George School website, www.sg258.org.

Free or reduced price meals are available for qualifying students. For an application, contact the main office.

SECTION 4.0 TRANSPORTATION AND PARKING

Bus Transportation Scheduling and Changes

Student transportation plans will be based on their home address unless a plan change is submitted to the school office.

- All transportation plans must be scheduled and documented with the school office.
- Schedule all transportation plans and changes using a transportation request form.
- Requests for a change in transportation will become effective only after approval and adequate time has been given to properly notify all persons concerned.
- Changes to transportation plans might not be approved. Bus capacity may not be available for additional riders.

Students will ride only their assigned school bus and will board and depart from the bus at assigned bus stops.

- Same day/last minute transportation changes are not accepted, unless in the event of an emergency with approval from the school office.
- If plans change during the school day, the parent/guardian must make arrangements to meet or arrange for someone else to meet the child at his/her regular scheduled bus stop.
- Telephone requests to the school office or transportation office will not be accepted.
- Handwritten notes to the school office, teacher, or bus driver are not accepted.

Change to parent pick-up/car rider:

If, at any time, a parent wishes to pick-up their student rather than having them ride the bus a phone call can be made to the office prior to 10:00 AM. The office reserves the right to ensure the caller has the authority to make changes and pick-up the student.

4.10 Bus Transportation

The district provides free bus transportation to and from school for all students living 1.5 miles or more from the school. It also may provide students with transportation that live within 1.5 miles from school where walking to school would constitute a serious hazard due to vehicular traffic or rail crossing, and adequate public transportation is not available. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Parents will be notified of the bus stop for drop off and pick-up. Students should be at the stop 10 minutes prior to the pick-up time. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions and/or changes must be approved by written note more than 24 hours in advance. DO NOT ASSUME the request will be honored until it is confirmed by the school office via phone call.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building administration.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.

9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

SECTION 5.0 HEALTH AND SAFETY

5.10 Immunization, Health, Eye and Dental Examinations

All necessary forms are available through your health care professional, the main office, or the school website.

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

- Entering Kindergarten or the first grade;
- Entering the sixth grade; and
- Enrolling in an Illinois school for the first time, regardless of the student's grade.
- A proof of immunization against meningococcal disease is required for students in grade 6. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) proof that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second and sixth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) a completed dental examination, or (2) proof that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Illinois Certificate of Religious Exemption to Required Immunizations and/or Examinations Form
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

5.20 Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "Student Medical Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed an Authorization for Student Self-Medication Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Students may bring cough drops when necessary provided the parents send a note. Cough drops will be allowed for no longer than 1 week.

Students with Diabetes: Students are allowed to independently manage their diabetes in the classroom, in any area of the school or school grounds and at any school related activity or event if authorized by the student's diabetes care plan which must be approved by their physician. The following guidelines set forth what a student with diabetes must be permitted to do at school:

1. Check blood glucose when and wherever needed;
2. Administer insulin with delivery system used by the student;
3. Treat hypoglycemia and hyperglycemia and otherwise attend to the care and management of his or her diabetes in the classroom, in any area of the school or school grounds and at any school-related activity or event in accordance with the diabetes care plan; and
4. Possess on his/her person, at all times, supplies and equipment necessary to monitor and treat diabetes.

A parent/guardian is required to sign and submit a "diabetes care plan" to the school for a student who seeks assistance with diabetes care in the school setting. The diabetes care plan will include the following information:

1. The health care provider's instructions concerning the student's diabetes management at school, including a signed prescription and methods of insulin administration;
2. The diabetes related services needed by a student at the school;
3. The appropriate staff to provide and supervise these services;
4. A uniform record of glucometer readings and insulin administered by the school nurse or delegated care aide
5. Procedures for when to consult with the parent, school nurse or health care provider to confirm that an insulin dosage is appropriate.

Because school nurses are not always readily available to assist a student in managing his/her diabetes, any school employee is allowed, without liability, to volunteer to act as delegated care aide to receive training in diabetes care and to assist students in managing their diabetes care plan.

5.40 Safety Drill Procedures and Conduct

Safety drills will occur at times established by the school administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

If an emergency or disaster situation were to ever arise in our area while school is in session, we want you to be aware that St. George School has made preparations to respond effectively to such situations.

Should we have a major disaster during school hours, your child will be cared for. St. George School has a detailed emergency operations plan which has been formulated to respond to major catastrophes. This plan is supported by all emergency management agencies in our area.

It may become necessary to hold students at school past dismissal time or relocate students to an alternate safe location. Students will not be released until everyone is safe and accounted for.

Your cooperation is necessary during any emergency. We ask that you adhere to the following guidelines:

1. Do not telephone the school. Telephone lines will be needed for emergency communication. Also, staff may not be available to answer telephone calls while responding to the emergency situation.
2. Do not rush to the school to pick up your child, await further instructions. With only one main road to access the school, you may impair the efforts of the emergency responders to arrive in a timely manner. Also, students may be relocated to an alternate safe location. You will be notified using the automated telephone / e-mail response system of the reunification procedures as quickly as it is possible to do so.
3. When allowable, your child will be released to an identified, responsible adult who has been identified as such on the school emergency card which is required to be filled out by parents at the beginning of every school year. Please be sure you consider the following criteria when you authorize another person to pick up your child at school:
 - He/she is 18 years of age or older.
 - He/she is usually home during the day.
 - He/she is known by your child.
 - He/she is both aware and able to assume this responsibility.
4. If electrical service is not affected, information will be relayed via the School Reach and Sheriff's Alert systems. Tune your radio to WVLI or WKAN for emergency announcements.
5. Impress upon your children the need for them to follow the directions of all school personnel in times of an emergency.

Remember, students will only be released to parents / legal guardians and persons identified on the School District Emergency Card. Any person picking up a child will be required to show a photo ID before the student is released. Parents should remain calm and be patient during the student release / reunification process. Please instruct your child to remain at the school or alternate safe location until you or a designee arrives.

In case of a hazardous materials release event (chemical spill) near the school area, Shelter-in-Place procedures will be implemented to provide protection. All students and staff will clear the school

grounds, report to their rooms, and all efforts will be made to prevent outside air from entering classrooms during the emergency. "Shelter-in-Place" signs will be displayed at the main entrance. Students arriving at school during a Shelter-in-Place drill or event should report to the school office because classrooms will be inaccessible.

The decision to keep students at school will be based upon whether or not streets in the area are open. If this occurs, radio stations will be notified. In the event that a natural disaster takes place during the time that students are being transported, students will be kept on the bus and the driver will ask for assistance through radio contact with the school. Any child who is home waiting for the bus will not be picked up if roads are impassable. It may become necessary for the driver to return to the school where students will be cared for. Students should be instructed to return home in the event the school bus does not arrive.

School personnel and students are required to take part in regular practice exercises to ensure proper understanding of emergency procedures. The drills may include the following: evacuation, bus evacuation, reverse evacuation / emergency entry, lockdown, shelter-in-place, and drop-cover-hold/severe weather.

When the dangerous incident has subsided, an all-clear signal will be given. Please discuss these matters with your immediate family. Planning ahead will help alleviate concern during emergencies. We appreciate your cooperation.

2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease, when available.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Communicable and Infectious Disease

Disease	Symptoms	Incubation Period	Exclusion From School

Streptococcal (Strep) throat and/or Scarlet Fever	Fever, sore throat, often enlarged, tender lymph nodes in the neck; Scarlet fever-producing strains of bacteria cause a fine red rash (reddish blush rash that fades on pressure) which starts on upper chest or face. This appears 1-3 days after onset of sore throat. Untreated or incompletely treated cases are at risk of developing rheumatic fever or inflammation of kidneys. Hand washing, covering mouth when coughing/sneezing, and completing the full course of antibiotics are important	Usually 1-3 days; spread by person-to-person contact with nasal secretions	Until 24 hours after treatment begins; until no fever present

6.30 Student Behavior

Authority of Staff

Students are advised that any administrator, any faculty member, or any auxiliary staff has the responsibility and the authority to direct the action of the students at any place or time on school property or at any school activity. Disrespect, defiance or directing abusive language toward any staff member may be grounds for disciplinary action.

Leveled Behaviors and Disciplinary Responses

St. George School believes that in order for students to learn, a safe and orderly environment, conducive to learning must be provided. To build and maintain this environment, St. George School shall provide clear and high expectations for positive and appropriate student behaviors in this uniform student discipline policy. The following expectations reflect the individual's responsibility for contributing to a safe environment conducive to learning and the need for mutual respect and cooperation among all segments of the school community. St. George School is committed to assisting students in correcting inappropriate school behavior.

St. George School identifies three levels of student misconduct and appropriate disciplinary responses. The following lists of expectations, rules, regulations, violations, and consequences / disciplinary responses are provided to assist in disciplinary action, but do not include every possible scenario and do not limit the administration's discretion in determining appropriate consequence/disciplinary responses on a case-by-case basis. Even though there may not be a specific rule, any act that disrupts school activities or causes danger to people or destruction to property is forbidden and will not be tolerated.

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to: 1. On, or within sight of, school grounds before, during, or after school hours or at any time; 2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school; 3. Traveling to or from school or a school activity, function, or event; or 4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Level 1 Acts of Misconduct

Level 1 Acts of Misconduct consist of minor misbehaviors, which impede the orderly operation of the classroom, school and/or bus. Such misbehaviors can usually be handled by an individual staff member but sometimes require the intervention of other school personnel. Notification of parent/guardian is recommended at each occurrence. Persistent misbehaviors, appropriate interventions, parental/guardian contact and administrative dialogue will be documented. Level I Acts of misconduct infractions include, but are not limited to the following:

- 1.1 Classroom disruptions
- 1.2 Failure to follow directions
- 1.3 Littering on premises
- 1.4 Tardiness to class
- 1.5 Possession of prohibited articles including music players, games, and other electronic devices.

Written information with suggestions for corresponding parental actions may be provided to parents by the teacher and/or principal. (Minor non-repetitive disruptions may not require written information to be sent to parent.)

Level 2 Acts of Misconduct

Level 2 Acts of Misconduct include misbehavior whose frequency or seriousness tends to disrupt the learning climate of the school and/or bus, and those behaviors on Level I which continue after corrective measures have been implemented. Included in this level are misbehaviors which do not represent a direct threat to the health and safety of others, but whose educational consequences are serious enough to require corrective action on the part of the administrative personnel. The administrator should maintain proper and accurate record of the infraction and disciplinary action. School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Level 2 Acts of Misconduct infractions include, but are not limited to the following:

- 2.1 Failure to attend class
- 2.2 Out of supervised area

Note: All Level 3 Acts of Misconduct must be discussed with the Superintendent before consequences are determined.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person. Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is **prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;
2. Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
3. Substantially interfering with the student’s or students’ academic performance; or

4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

6.80 Student Use of Electronic Devices

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, audio or video recording device, personal digital assistant (PDA), ipod®, ipad®, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal.

During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting). Possession is prohibited regardless of whether the depiction violates State law. All sexting violations will require school administrators to follow discipline policies in addition to contacting the police and reporting suspected child abuse or neglect when appropriate.

The school and school district are not responsible for the loss, theft or damage to any electronic device brought to school.

Students in violation of this procedure are subject to the following consequences:

- **First Offense** – The device will be confiscated by school personnel. A verbal warning will be assigned. The student will receive the device back at the end of the day in the school office.
- **Second Offense** – The device will be confiscated. A detention will be assigned. The student’s parent/guardian will be notified and required to pick up the device in the school office.
- **Third Offense and all subsequent offenses** – The device will be confiscated. A detention will be assigned. The student’s parent/guardian will be notified and required to pick up the device in the school office. Additionally, the student will be prohibited from bringing the device to school for the next 10 school days. If the student is found in possession of the device during this 10-day period, the student will be prohibited from bringing the device to school for the remainder of the school year. The student’s parent/guardian will be notified and required to pick up the device in the school office. The student will also face consequences for insubordination.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

SECTION 7.0 INTERNET, TECHNOLOGY AND PUBLICATION

7.10 Internet Acceptable Use Policy

All use of electronic network use must be consistent with the school’s goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
2. Unauthorized downloading of software;
3. Downloading copyrighted material for other than personal use;
4. Using the network for private financial or commercial gain;
5. Wastefully using resources, such as file space;
6. Hacking or gaining unauthorized access to files, resources, or entities;
7. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
8. Using another user’s account or password;
9. Posting material authored or created by another without his/her consent;
10. Posting anonymous messages;
11. Using the network for commercial or private advertising;
12. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and

13. Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- Be polite. Do not become abusive in messages to others.
- Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in any way that would disrupt its use by other users.
- Consider all communications and information accessible via the network to be private property.

No Warranties - The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Copyright Web Publishing Rules - Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.

The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.

The "fair use" rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.

Student work may only be published if there is written permission from both the parent/guardian and student.

7.20 Non-School-Sponsored Publications/Websites

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

1. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
2. Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;
3. Is socially inappropriate or inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent and vulgar language;
4. Is primarily intended for the immediate solicitation of funds.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the school district. Contact the school principal for information regarding the inclusion of non-school sponsored publications in the school's "Electronic Backpack." This is a virtual collection of publications.

A student or group of students seeking to distribute more than 10 copies of the same material on one or more days to students must comply with the following guidelines:

1. The student(s) must notify the building principal of the intent to distribute, in writing, at least 24 hours before distributing the material. No prior approval of the material is required.
2. The material may be distributed at times and locations selected by the building principal, such as, before the beginning or ending of classes at a central location inside the building.
3. The building principal may impose additional requirements whenever necessary to prevent disruption, congestion, or the perception that the material is school-endorsed.
4. Distribution must be done in an orderly and peaceful manner, and may not be coercive.
5. The distribution must be conducted in a manner that does not cause additional work for school personnel. Students who distribute material are responsible for cleaning up any materials left on school grounds.
6. Students must not distribute material that:
 - a. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
 - b. Violates the rights of others, including but not limited to, material that is libelous, invades the privacy of others, or infringes on a copyright;
 - c. Is socially inappropriate or inappropriate due to the students' maturity level, including but not limited to, material that is obscene, pornographic, or pervasively lewd and vulgar, contains indecent and vulgar language, or sexting as defined by School Board policy and Student Handbook;
 - d. Is reasonably viewed as promoting illegal drug use; or
 - e. Is primarily prepared by non-students and distributed in elementary and/or middle schools.
7. A student may use the School District's Uniform Grievance Procedure to resolve a complaint.
8. Whenever these guidelines require written notification, the appropriate administrator may assist the student in preparing such notification.

A student or group of students seeking to distribute 10 or fewer copies of the same publication on one or more days to students must distribute such material at times and places and in a manner that will not cause substantial disruption of the proper and orderly operation and discipline of the school or school activities and in compliance with paragraphs 4, 5, 6, and 7.

SECTION 8.0 SEARCH AND SEIZURE

8.10 Search and Seizure

In order to maintain order, safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property including school busses and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

SECTION 9.0 EXTRACURRICULAR AND ATHLETIC ACTIVITIES

Mission for Extracurricular and Athletics Activities

The Mission of St. George School is to create, foster, and build an environment that will provide the student with the opportunity to identify and develop their potential through interscholastic extracurricular and athletic activities. Extracurricular and Athletic Activities are an extension of the classroom. St. George School offers interscholastic competitive programs that emphasize self-discipline, responsibility, teamwork, and improvement.

Participation in extracurricular and athletic activities is a PRIVILEGE. Students given the opportunity to participate have a responsibility to favorably represent the school and community. They are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the

privilege to participate in any extracurricular and athletic activity may be lost in accordance with the terms of this code of conduct.

We would like to make it known to both parents/guardians and students that there is a risk of injury, paralysis, and even death in virtually every activity. The benefits and joys of physical activity are tremendous. By following the rules and regulations of the activity and/or the school, students themselves will greatly aid in the prevention of injury.

9.10 Extracurricular and Athletic Activities Code of Conduct

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois Elementary School Association's "Pre-Participation Physical Examination Form."
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries.

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

Participation in Multiple Athletics Activities

Due to the fact that many athletic activity seasons overlap, students may participate in multiple sports at the same time. Such instances are the overlapping of the cross country and softball/baseball seasons and girls' basketball with the cheerleading season. Students may participate in both activities at the same time; however, the season that began first will hold precedence if any conflicts occur. Please remember that students must be responsible for maintaining a high level of academic achievement while participating in both athletic activities.

Academic Eligibility

A student's first responsibility is to his or her schoolwork and grades. It is believed that students who do not achieve in accordance with their abilities do not have time to participate in extracurricular activities or sports. It is further believed that students who display a negative attitude, poor conduct, or less than full effort should not be representing the school in extracurricular activities. Therefore, participating in sports or extracurricular activities will be allowed only as long as grade, attitude, conduct, and effort warrant it.

An academic average for each class individually of less than a "C-" or any failing grades indicates that additional effort is needed and does not warrant participation in extracurricular and athletic activities. The Administration reserves the right to suspend or terminate any student participant from extracurricular and athletic activities for unacceptable school behavior.

Ineligibility for participation in extracurricular and athletic activities will be monitored on a weekly basis. The eligibility grade is determined by what grade a student-athlete/extracurricular participant is receiving on each Friday at the end of the school day. The eligibility reports will be processed each Monday morning. Special circumstances may be appealed to the athletic director.

1. A student-athlete/extracurricular participant is ineligible for one FULL week, from Monday to Sunday.
2. A student-athlete/extracurricular participant may not participate in practices during their ineligibility period.
3. If a student-athlete/extracurricular participant becomes ineligible a third time in one season, the student-athlete/extracurricular participant will be removed from the team.

4. Student-Athletes/Extracurricular Participants must maintain acceptable grades in all classes prior to tryouts and/or first practice.

Eligibility for most athletics is also governed by the rules of the Illinois Elementary School Association and/if applicable, these rules will apply in addition to this Athletic Code. In case of a conflict between IESA and this Athletic Code, the most stringent rule will be enforced.

Absence from School on Day of Extracurricular or Athletic Activity

Student-athletes and extracurricular participants who do not attend at least 2½ hours of school are ineligible for any activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the coach for a) a medical absence pre-arranged with the coach or b) a death in the participant's family. Students going home during the day due to sickness are not allowed to participate that evening.

Student-athletes and extracurricular participants who are absent from school on a Friday before a Saturday event may be withheld from Saturday activities at the sole discretion of the coach.

Travel

Students will be transported to and from away activities. The bus will depart and return to the St. George School. Student-athletes and Extracurricular Participants may go home from an away athletic contest with their parents only after confirming with the coach in person and signing the sign out sheet. Only in an emergency will it be acceptable for a student-athlete/extracurricular participant to ride home with anyone other than their parents. If an emergency situation exists that requires alternative transportation, please contact the athletic director by phone for your son or daughter to ride home with another specific parent. This is in effect for traveling home from away contests only. Travel from home contests or practices may be with whomever the player's parent designates for this responsibility.

Practices

Coaches will make sure each participant has a practice and game schedule at the start of each season that indicates location and time for each practice and game. Practices should last 1 to 2 hours.

Due to various activities at our school and the multitude of sporting events and teams that need gym time after school, there are times when the only practice time available may be in the morning before school and/or weekends. This will be avoided when possible but is necessary at times to accommodate our teams with practice time. These practices will be held only at St. George School (excludes Boys Baseball and Cross Country).

Parents should plan on having their child picked up at the appropriate times. If a parent cannot pick their child up at the end of practice, other arrangements should be made for the child to be picked up. If a player is not picked up on time repeatedly, they may be removed from the team. A coach will let a player and parent know if a problem exists before going to this step.

Weekend / Extra Practices

Coaches may practice longer or have additional practices. If this occurs, participants and parents will be informed in advance of this schedule change. Due to school holidays or tournaments, coaches may opt to have a weekend practice.

Unexcused Absences from Practices

If a player has an unexcused absence from a practice, they will not be allowed to participate in the next game. This includes, but is not limited to detentions, not telling a coach personally they will miss a practice, or being in school and not showing up at practice. If a player has three unexcused absences, they may be removed from the team.

Excused Absences

Excused absences could include things such as family emergencies, family vacations or a player/extracurricular participant being sick. Coaches need to be notified if a player/extracurricular participant is not coming to practice by the parent or player/extracurricular participant in advance.

Sending word with someone other than these people is not acceptable, and will be considered unexcused. If the absence is extensive, there may be a reduction in playing time or participation due to the nature of competitive extracurricular activities.

The coach must document and file with the athletic director all excused and unexcused absences no later than the following school day of the occurrence. The athletic director will follow up to ensure that coaches adhere to this policy. The athletic director will make the final decision determining whether a specific violation was excused or unexcused.

Code of Conduct

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
 - A. A Student-Athlete or extracurricular participant who has one or more truanancies or who has been suspended from school may be suspended from participation in athletic activities by administration.
 - B. Student-Athletes and extracurricular participants receiving an in-school suspension may not participate in team/group activities until after the suspension has been served. When a student-athlete or extracurricular participant receives a second in-school suspension during the same team season, he/she will be removed from the team/activity for the duration of the season.
 - C. When a student receives an out-of-school suspension during a season in which the student-athlete or extracurricular participant is participating in, he/she may be removed from the team/group for the duration of the season

12. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff; or
13. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. **Bullying** includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a detrimental effect on the student's or students' physical or mental health;
3. Interfering with the student's or students' academic performance; or
4. Interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Due Process Procedures

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
 - A. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all extracurricular or athletic activities for one of the time periods described below:

First violation

 - Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of one third of the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter.

This penalty will be reduced if the student is enrolled in a school-approved alcohol or drug counseling program.

- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.

7. The appropriate administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the Principal or Principal's designee.

All students remain subject to all the School District's policies and the school's student/parent handbook.

Drugs, Alcohol, and Tobacco

Except with respect to prescription drugs used by the person for whom such drugs were prescribed in the manner intended by the prescribing medical doctor, the possession, use, distribution, purchase or sale of any alcoholic beverage, drug, drug paraphernalia, controlled substance, look alike, tobacco or tobacco product or any other substance which, when taken into the human body is intended to alter mood or mental state, including any item or substance which is represented by a student to be, or is believed by a student to be any of the foregoing, regardless of the true nature or appearance of the substance, is prohibited in school buildings, on school busses and on all other school property or school related events at any time. This prohibition shall include all school sponsored or school relate activities, whether held before or after school, evenings or weekends and shall additionally include a prohibition of use by a student athlete in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this procedure, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

Parent/Fan Code of Ethics

Parents on the sideline can have a major effect on their child's play. Please keep the following tips in mind at all times:

1. Please remember that extracurricular activities are for the children, and not for the adults. Allow your child to be a child and enjoy the game.
2. Support the entire team, not just your child. Cheer the good play of all the participants.
3. Practice good sportsmanship. Players learn by example and parents set the most powerful example. Encourage good sportsmanship by demonstrating a positive support for all players, coaches and officials at all games and practices.
4. Please don't instruct your child during the game. You may confuse and distract the player.
5. Yelling at the official does not accomplish anything positive. Consistent yelling may result in the referee asking you to leave the field or gym. Please remember, your behavior may be reflected in your child's actions. Please be a positive role model.
6. Players and parents should become familiar with the rules of the game/activity being played.
7. No matter what the score or how well your team members played, skill development should be encouraged over winning. All comments to players should be positive.
8. All participants, coaches/sponsors, fans, and officials should be treated with respect in regards to race, sex, creed, and ability.
9. Parents may not directly attend or observe practices or tryouts unless given permission from the head coach and/or athletic director.

Attention Spectators: As you attend various events at the school, athletic and other extracurricular activities, please note that the supervision of children is not available. Please keep a close eye on siblings and younger children. Unsupervised children will be asked to return to their parents/guardians. This is for the safety of our children.

VIOLATION OF THESE EXPECTATIONS MAY RESULT IN BEING ASKED TO LEAVE THE SCHOOL GROUNDS OR BE SUBJECTED TO OTHER CONSEQUENCES DEEMED APPROPRIATE BY SCHOOL ADMINISTRATION.

Student-Fan Conduct during Home After-School Events

Students are expected to be courteous and appropriately dressed at sporting events, evening programs, field trips, or other extracurricular activities. Attendance at school functions such as plays, musical events, field trips, and ball games, including games or events in which the school participates in another district, is perceived as a privilege, and students shall be held to abide by the school rules and regulations. All pertaining school regulations will be followed during these extra activities. Students who disregard extracurricular regulations and/or who exhibit serious misbehavior at extracurricular activities will be suspended from activities for varying periods of time.

1. Students who leave the building will not be readmitted. There will be no loitering around the building or grounds.
2. Confetti or mechanical noisemakers will not be allowed in the gym.
3. Students are restricted to the cafeteria, gym, and restrooms adjacent to the gym. No student will be allowed in the hallways.
4. Students must not walk on the playing floor during half-times and after games.
5. Students should show good sportsmanship by not booing or throwing objects on the gym floor.
6. If asked to leave a game, the student/fan will not be allowed to attend the next game.
7. If a student has been expelled from two (2) activities, he/she may not be permitted to attend any further after-school activities for the remainder of the school year (excluding any athletic teams of which you may be a part).

8. Transportation should be arranged ahead of time. Students must have rides within 15 minutes of the end of the game, or they may lose the privilege of attending the next home game or activity.
9. Students 5th grade and younger must have a parent-supervisor in attendance.
10. ALL SCHOOL RULES APPLY DURING AFTER-SCHOOL ACTIVITIES. THE SCHOOL DISCIPLINE PLAN IS IN EFFECT DURING THESE TIMES.

Participation of Parents as Volunteers and/or Coaches

Pursuant to the District’s policies and practices, no volunteers are to be used during practices or events without prior approval from the Superintendent or the Board of Education. The District requires that all volunteers and resource persons are screened to ensure their eligibility to work with students. Parents and resource persons cannot work with the District students until this screening process is complete. In addition to the screening, all volunteers and resource person are required to complete GCN Training.

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

10.40 Response to Intervention (RtI)

St. George CC School District 258 has implemented a general education initiative titled Response to Intervention (RtI) to help all students succeed in the classroom. By definition, RtI is a multi-step process to provide interventions for students experiencing difficulty in one or more curricular areas or difficulties with behavior management. A system has been integrated to determine eligibility for both academic and behavioral interventions. Through the RtI program the school will provide high quality instruction and interventions matched to the student’s needs, monitoring the progress frequently to make decisions about changes in instruction or goals and applying response data to important educational decisions. A problem-solving method is used to decide what interventions to try and to determine if they are working.

Parents are an integral component and are strongly encouraged to actively participate. For more information, please see the RTI Manual on our website or contact the main office to request a copy.

Parental Involvement: The District has policies and procedures to involve parents/guardians in the joint development of the District’s plan for improving student academic achievement and school performance. Building level meetings are designed to inform parents/guardians of the school’s involvement in Title I, and explanation of the requirements of Title I and the right of the parents/guardians involved. Compacts (school-level and district-level) are provided to parents/guardians whose students have been chosen to participate in the Title I program.

Protection of Pupil Rights Act: The Board has adopted and continues to use policies regarding student privacy, parental access to information, and administration of certain physical examinations to minors. Copies of those policies are available on request from the Principal’s Office.

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student’s parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

The student's parent/guardian may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Selling or Marketing Students' Personal Information Is Prohibited

11.20 Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

- 2. The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.
- 3. The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.
- 4. The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first.
- 5. The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

 - Name
 - Address
 - Grade level
 - Birth date and place
 - Parent/guardian names, addresses, electronic mail addresses, and telephone numbers

- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

6. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**
7. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

The name and address of the Office that administers FERPA is: Family Policy Compliance Office
