Exclusion From School For COVID-19 Remote Learning

St. George School Family,

Your student will participate in remote learning, whether excluded from school as a close contact/or a positive COVID-19 diagnosis. We will work with you and your student to ensure a smooth transition now and when your student returns to the classroom. This partnership will provide for the continuity of learning necessary for your student to be successful.

What should I expect?

- Students will receive paper packets and/or assignments in the Google/Seesaw online learning platform. Students have practiced in class using online platforms. If you or your child are having difficulty accessing the online platform, please contact your child's teacher.
- If your student's teacher is providing a paper packet, it will be available for pickup in the school office by 2:00 p.m. on the day after the student has been quarantined. (For example, if a student is excluded from school on Tuesday, school work for the remainder of the week will be in the office by Wednesday at 2:00 p.m. School work for the following week will be in the office by 2:00 p.m on the following Tuesday). Please email your child's teacher if you need further clarification.
- Packets and online assignments fulfill the required five (5) hours of instruction per day.
- Please note that students learn at different paces, both at home and at school. Some assignments may take some students less time while other assignments may take longer. If your student's time is significantly more or less than five (5) hours, please contact your student's teacher.
- Each packet contains five (5) days of classroom work.
- Teachers will notify parents if assignments are posted to Google Classroom or Seesaw.
- Teachers will be in contact with you and/or your child by email or phone at least every other day and possibly more frequently.
- Teachers will respond to parents/students as soon as possible. Please remember that teachers are instructing during regular school hours and may have limited access to respond immediately.
- Students will be expected to submit all assignments upon return.

How do I help my student succeed during remote learning?

- Identify a quiet, comfortable place for learning.
- Engage in learning activities with students.
- Seek additional assistance from the teacher when needed.

- Respond to the teacher's request for feedback related to concerns or problems you or your student are encountering.
- Notify your child's teacher if the assigned schoolwork is taking significantly more or less than 5 hours.

What will my student's teacher/school provide my student upon return to school?

- Teachers will evaluate student work upon return to determine additional assistance that may be required.
- If additional assistance is needed, teachers will provide the student with re-teaching during the daily E & I time and/or provide extra support before or after school as needed.
- Students may be given the opportunity to re-do assignments at the teacher's discretion.
- Teachers may assign tutorials through Seesaw & Google Classroom.
- Teachers may refer the student for additional assistance to school support personnel such as the reading teacher.
- Teachers may refer students to the Multi-Tiered System of Support (MTSS) Team for additional support and assistance including more extensive interventions.

Please contact your child's teacher or Mrs. Johnston if you have any questions.
