

Keeping Up with
Learning When I
am at home

LEARNING
IS
FUN

The last few weeks I
have been stuck at
home

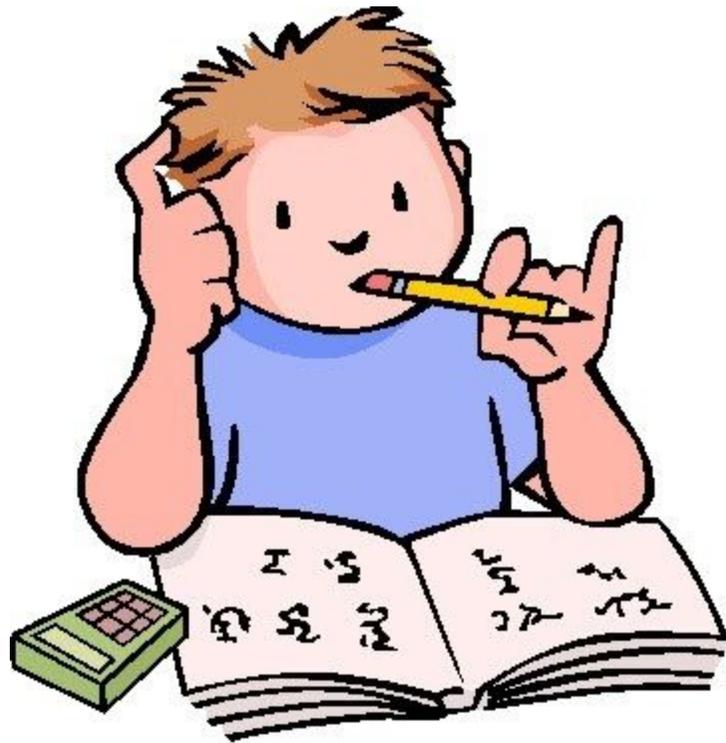

When I am home, I want
to play with my toys and
do other fun things like I
normally do

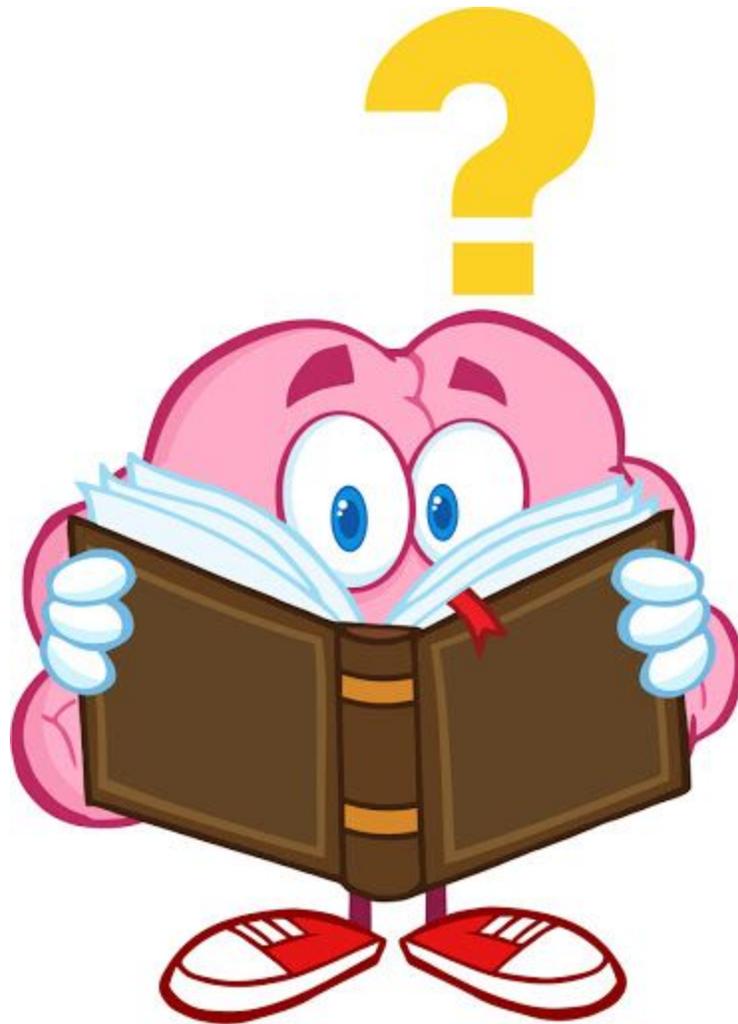

I can do these things,
but it is important to
do my school work
too

If I do not do my work,
school might be harder
when I get back

I might forget a lot of what
I have already learned if I
don't do my work

I will have more fun
playing at home if I know I
am finished with my work

Doing my work will
also be less stress for
my parents

My teachers will be
proud of me when I
do my work

I am responsible and
can do the work
